## Kristen Scott leads Seattle AIA

Kristen M. Scott, a principal at Weber + Thompson, is gearing up to begin a two-year term as president of the Seattle chapter of the American Institute of Architects in September.

Scott

Scott was elected in 2002 for a three-year commitment to the AIA board of directors, during which she will hold the positions of first VP/president-elect, president and past-president.

Scott's first task is developing a business plan. "This plan will broaden our programming to better serve local and regional members and forge stronger connections with the allied design community," said Scott. "Having fewer, bigger events on the calendar will allow those from afar to come to Seattle for a few days, catch up with colleagues and attend the workshops we have planned."

Another item on Scott's agenda for 2004 is preparing for the 2005 Pacific Regional AIA Conference, which will be held in Seattle to honor the 111th birthday of AIA Seattle.

Scott has been a principal at Weber + Thompson since 1996. She has led the master planning team and overseen all master planned community developments. Scott is a graduate of the University of Washington with a bachelor's degree in psychology and a master's in architecture.
