

## We're moving to Watershed!

After twelve years in our LEED Gold, award-winning home, The Terry Thomas, we are excited to announce that we are moving to our recently completed commercial office project, Watershed, at the end of the year.

### ***Going 'Deep Green,' Office Buildings Give Back to the Planet***

As technology costs have declined, more developers are creating buildings that can benefit the Earth by tackling pollution and save money by producing their own power.

# Just.

Sustainability is integral to our firm's DNA, but equity, social justice, employee wellbeing, and investment in our local community are also core values we hold close. We recently turned to the International Living Future Institute's JUST program to see how our firm stacks holds up against industry benchmarks, and are proud to display our JUST label. We encourage all of our industry partners to consider pursuing this program or doing an initial assessment. When we invest in our staff and our communities, we can create a more equitable world for all.
