Weber Thompson is an award-winning architecture, interior design, landscape architecture and community design firm.

Our projects are complex and challenging – but we are a great group of dedicated design professionals who value collaboration and humor in our day-to-day passion for creating success via exceptional design and technical excellence. Our brand-new [office](#) is located in [Watershed](#), a deep-green Living Building of our own design, located in the center of the universe, the Fremont neighborhood of Seattle, WA

Our office is friendly and low-key, yet deadline-driven and client-centric, with minimal egos. We are committed to supporting a diverse and inclusive culture and are proud to be a [JUST](#) company.

NOW HIRING: Full-Time Project Architect

This position is perfect for the highly technical individual who likes to delve into the details but can keep the big picture front of mind. Responsibilities focus on coordinating and leading the production and detailing of construction documents for complicated mixed-use residential and commercial buildings.

We need someone with 5-15 years of experience who is detail oriented, comfortable reading and interpreting code, is a strong collaborator with clients, consultants and colleagues, knows how a building goes together, and is a savvy problem solver. Resilience and flexibility are necessary.

Revit experience is required as well as a degree in Architecture from an accredited program. LEED Accreditation as well as licensure are preferred but not required for the position.
